Dear Mr. Dellomo:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations that you may have with Boy Scouts of America.

You should understand that BSA leadership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of leadership which BSA seeks to provide for American youth. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, please write to me, explaining your version of the facts supporting your claim that your registration as a BSA leader should be granted or reinstated.

Sincerely yours,

Philip E. Geiger

Dear Bill:

We had some communication in December concerning the above-named individual. At that time, we received a copy of a letter which had been written by two sets of parents related to the initiation which had been performed in the troop. This caused us some concern related to the type of situation which had developed.

I am enclosing a Confidential Record Sheet which I would like to have completed so that we may identify Mr. Dellomo should he try to register in some other council.

We would also like to have any other information which has come to your attention which would help to support our refusal of registration should attempts be made. At the present time, we have this individual on a probationary status which means that we would register him, but notify the council should a registration come to our attention.

Let us know if anything has developed which would substantiate our complete refusal of registration attempts.

Dear Bill:

I appreciate the information which you sent concerning the above-named individual. I do have some concern about the first name of this individual since it was indicated on the phone that his name was Anthony, but the roster which we have indicates Angelo as Scoutmaster. Please clarify this for me so that I know which person should be placed on the confidential file.

We are enclosing a Confidential Record Sheet which we would like to have completed so that we may be able to identify Mr. Dellomo should he try to register at some time in the future.

We would also like to have more information if you are able to secure it which would help to substantiate our refusal. Any other information which you could get from other individuals would certainly be of help to us. We do feel that the actions which have been taken show very poor judgment and certainly could lead to some problems for the youth involved.

Let me know if we may be of help to you.

Dear Mr. Ridge,

We have several concerns as parents of [REDACTED] and their participation in Boy Scout Troop 6. We feel some of the procedures and requirements set forth by their leader, Mr. Dellomo, deviate from what we believe to be standard boy scout practice.

The following is a brief summary of events our sons have related to us and what we ourselves were told at the parent orientation:

1. During the parent orientation, an inquiry was made about parent involvement in the troop. The leader responded that the parents could come to the Cabin twice a year, for parent orientation and for the Court of Honor. Other than this, he did not want parents at the meetings or activities. He stated that their troop ran like a well-oiled machine and parents would only get in the way.
2. When going for Tenderfoot Rank, part of the fitness requirement is:
 - a. The boys were told to go in the mirrored bathroom one at a time and lock the door behind them. They were then to weigh themselves with their clothes on and then to undress and weigh themselves naked.
 - b. Following the weight check they performed a "balance exercise". This was done in the nude with a blind fold over their eyes, legs spread apart, and twisting from side to side.
 - c. The following exercise was of concern to us not only because of the nudity but also the lack of regard for personal safety. The boys were told to stand on the toilet, arch their back, put their head against the wall, put their hands behind their back, and take 75 deep breaths.

When we went to the parent orientation meeting, Mr. Dellomo and one of the patrol leaders described the badges and ranks including "Tenderfoot" and none of the above requirements were mentioned.

Following the exercises when they were fully clothed again, two of the children were told to get the third child, hold them down while Mr. Dellomo gave them a "beard rub" on their bare stomach and feet. Although the children felt this was a game situation, we felt it should not have been done.

It is with deep regret that we submit this letter, but we felt it was important to bring this to your attention for the sake of our boys and all other boys in Troop 6 [REDACTED]
